2.vers

Well I'd walk a pirate's plank
attack a panzer tank,
break into Fort Knox and rip out all the gold.
And you're the one I'll blame,
'cause when I hear your name,
the love I feel for you come on so big and bold.

3.vers

Well I'd walk around the clock
I would never stop
I'd do whatever it might take to have you by my side.
And then I would never sleep
and all I own is yours to keep,
there's nothing I would leave undone or leave untried.
